

## SLOUCH HAT

### Mid Gauge Machine

Tension 6 or 7, e-wrap every other needle 49-50 (45-46).  
Knit 40 rows, turn up the hem which fills in the empty needles,  
making  
50-50 (46-46) needles in work.

Knit 50 rows, every needle, double up stitches so EON out of work. Turn tension down to 3 or 4 and K 2 rows, then put EON out of work again and K 2 rows (there will be 2 needles out of work and 1 needle in work). Leave yarn end to use for fastening off.

Put 6 or 7 stitches on latch hook and draw through yarn so 1 stitch is on the hook. Continue in this manner until all the stitches are worked off. Tie off top of hat and seam back. Turn up the band.

### Bulky Machine

Tension 8, e-wrap every other needle 44-45.  
Knit 40 rows, turn up the hem which fills in the empty needles,  
making  
(45-45) needles in work.

Tension 10, Knit 50 rows, every needle, double up stitches so EON out of work. Turn tension down to 7, K 2 rows on EON. Put EON out of work again and turn tension down to 6, K 2 rows on EON (there will be 2 needles out of work and 1 needle in work). Leave yarn end to use for fastening off.

Put 6 or 7 stitches on latch hook and draw through yarn so 1 stitch is on the hook. Continue in this manner until all the stitches are worked off. Tie off top of hat and seam back. Turn up the band.
